

# PAY THE PROVIDER

If you don't have your TASC Card to pay a medical bill, use our **Pay the Provider** web service instead of paying out-of-pocket, requesting a reimbursement, and waiting to be paid back.

Simply capture an image of your provider bill and upload it to your TASC online account. We then pay the bill on your behalf from your applicable benefit account funds.

Conveniently pay a healthcare provider bill online with no paperwork!
