

Enjoy compliance options
in **one** convenient and
affordable package.

Health and Welfare benefits require strict adherence to complex laws and changing regulations for employers, which can leave a heavy burden on your HR professionals.

TASC Suites offer a variety of pre-set bundles that combine the reliable management of time-sensitive and labor-consuming continuation and compliance programs. Simply choose the Suite that meets the goals and objectives of your organization – **and now you can add up to three additional offerings at one flat rate for each to further enhance your HR benefits program!**

Compliance Made Easy

By choosing a bundled Compliance Suite, you receive the same great service features of our individual offerings but with the simplicity of a singular pricing model and consolidated account management under one vendor.

With one plan application, one onboarding, one invoice, and our fully-integrated web portals for one login, it has never been easier to purchase the benefits you need to create an attractive and compliant employee benefits program.

Enjoy the benefits of bundling.
